# Welcome to Summer Programs at MCCC

## More Than Just Fun!

### Featuring...

#### UNIQUE PROGRAMS

Mercer County Community College provides “one-stop” shopping to fill all of your summer camp needs for children, ages 6-16. Whether you’re looking for a variety of sports, intensive visual and performing arts workshops, traditional camp, half and full-day arts and science programs, or an opportunity for high school students to earn college credit for academic study, look no further. For additional information or to request a brochure for any summer youth program turn to page 55.

**NOTE:** When registering for any of our camp programs, enclose a completed and signed copy of the Camper Code of Conduct and Medical Form on pages 49-51, and current immunization record with your application and payment.

#### HOW TO USE THIS CATALOG

- Each program is described in its own section.
- **Required forms for every program are on pages 41-54.**
- Campus Kids programs are listed alphabetically by age.
- Specialty Camp programs are listed by type, by age group, and by date beginning on page 19.
- A calendar of camp schedules appears on pages 4-7.
- Camper Registration Checklist on page 59.

We look forward to seeing you this summer!

# Campus Kids

## Four-Week Session I and II

### **CAMPUS KIDS — SESSION I OR II (AGE 6)**

Friendly Froglets program will allow our little ones the opportunity to play constructively, learn the importance of socialization, sharing and cooperation and allow them to adjust to new environments and become more independent. Campers will follow a daily schedule which will enable them to be active and to enjoy the same great fun as the older campers, but at a more relaxed pace.

### **CAMPUS KIDS — SESSION I OR II (AGES 7-13)**

Camp College offers your child an enriching alternative to the traditional summer day camp. Campers combine study in a variety of stimulating subject areas that emphasize intellectual growth and skills development with the fun of recreational activities. Participants choose up to six different "courses" and most courses meet 55 minutes daily for all four weeks of each session.

### **WHO IS ELIGIBLE?**

All children ages 6-13 on September 30, 2017 are eligible. For one week programs up to age 16, refer to pages 19-36.

### **WHEN IS IT?**

**Session I: June 26-July 21**  
(FOUR weeks; four or five days per week) Monday-Thursday or Monday to Friday.

**Session II: July 24-Aug 18**  
(FOUR weeks; four or five days per week) Monday-Thursday or Monday to Friday.

### **FRIDAY FUN DAYS**

The perfect way for campers to end the week. **Friday Fun Days** are available **ONLY** for those campers who have chosen the Monday-Friday option. See class information on page 18 for Campus Kids.

### **EARLY BIRD BEFORE-CAMP...SUPERVISED ACTIVITIES FROM 7:15-8AM!**

For those who must drop children off prior to 8am, we offer an Early Bird Before-Camp. Children enrolled in this optional program may be dropped off as early as 7:15am. Experienced camp staff will supervise early arrivals. **Daily registrations not permitted.** To register, use the application form on page 53. **NOTE:** Children not enrolled in the Early Bird Before-Camp program may be dropped off as early as 8am.

### **AFTER-CAMP**

**Although classes run from 8:30am to 4pm each day, campers may be picked up as late as 6pm.** Children enrolled in this optional program may remain on campus after 4pm. They will join Camp College After-Camp supervised activities, including optional recreational swimming. **Daily registrations not permitted.** See page 52 for details.

**A \$25 fee, every 15 minutes will be charged for children who arrive earlier than 7:15am or remain on campus after 6pm.**

### **WHEN DO I REGISTER?**

Registration begins January 23. Register early and avoid the disappointment of filled classes.

### **• HOW DO I REGISTER?**

Mail the appropriate registration form in this brochure, all forms from pages 49-51, and current immunization record **with your full payment**, to the address indicated. Make checks payable to MCCCC. (Please complete a separate form and check for each child and include the child's name.) **Faxed forms are not accepted.**

**...OR COME IN PERSON** to the Conference Center at the West Windsor Campus, from 9:30am-6pm, Monday through Thursday, and Friday until 4pm. The office is open most Saturdays, 10am-2pm. Call us at (609) 570-3311 for more information.

# Campus Kids Course Descriptions

Unless otherwise noted, course descriptions are for either age group (7-9) or (10-13)

## What activities will be offered?

- Campers choose six different age-appropriate courses per session.
- **Parents should review child's choices, especially to ensure classes are not duplicated in Session I and II. There is a \$20 fee for each requested schedule change.**
- Most courses meet for one 55-minute period daily during each camp session.
- The registration form for your child's age and session lists the courses available to your camper.
- **All classes must be selected from one age group list. Classes from both age groups may not be combined.**
- **NOTE:** We will make every effort to schedule you according to your first choices. We will use alternatives only if others are full or cancelled. The college reserves the right to cancel courses with insufficient enrollment and to limit class size. **Limited space available.**

### THROUGH THE COLORED GLASS (AGES 7-13)

Have you ever used a window as a canvas? This class will teach you some creative ways to create your very own suncatchers and stained glass projects. Campers will utilize everyday art supplies to create colorful works of art, including tissue paper and crayons. There is never a dull moment when creating art for a bright summer's day!

### TORNADOES, VOLCANOS, TSUNAMIS—OH MY! (AGES 10-13)

Let's explore the world of natural disasters! We will examine tornadoes, hurricanes, volcanos, tsunamis, earthquakes, and other acts of nature. Can we predict when and where they will occur? Explore the science of these events and learn how we can prepare ourselves for natural disasters. (1<sup>st</sup> session)

### UNDER THE SEA (AGES 7-9)

Why are fish so smart? Because they live in schools! In this "school" you'll learn all about fish, dolphins, and undersea life. Meet bizarre and interesting animals while designing your ultimate sea creature. Grab your fins and prepare to dive in.

### WATERCOLOR PAINTING (AGES 7-13)

Come and create some large watercolor painting out in the great outdoors! We will be working with large paper, making abstractions, portraits and landscapes of our own campus. Anything goes with our freestyle watercolor fun, so let's get our creative juices flowing in the summer sun! (2<sup>nd</sup> session)

### WATER, EARTH, FIRE & AIR (AGES 10-13)

Are you a fan of Avatar: The Last Airbender™? Have you ever wished you could bend your minds like Aang and the gang? Learn the martial arts that inspire the show! Learn how to meditate and play Poi Sho! Design your own Avatar characters, beasts and spirits. Explore the mythology and literature that inspired the show while watching some of the best episodes!

### WONDROUS WORLD OF WITCHES & WIZARDS (AGES 10-13)

Delve into the world of witches and wizards through J.K. Rowling's Harry Potter series. Brew potions, study beasts and mystical creatures, and create your own wand for casting spells! Bring to life the exciting game of Quidditch! All in the Wondrous World of Witches and Wizards! (2<sup>nd</sup> session)

### WOODWORKING (AGES 7-13)

Do you want to make things with your hands and enjoy doing it? In this class you will learn how to use basic woodworking tools. Projects will consist of building a birdhouse, tool box, and much more! Campers will use their measurement skills and imaginations!

### WRITING AND ILLUSTRATING (AGES 7-9)

Design your own book art. Campers will write and illustrate their own picture books. Just like professional authors they will create outlines, rough drafts, and revised manuscripts with original artwork to accompany it. Our creations will be published and bound to share with family and friends.

### YOUNG AUTHORS (AGES 10-13)

Become an author! Write your own novel, short story, play, or even a collection of poetry. Work each day on writing and typing your book while adding illustrations along the way. Make a memory that family and friends will enjoy reading. (2<sup>nd</sup> session)

Withdrawals from camp must be made no later than 10 business days before the start of the program.

# Friday Fun Days

## Monday-Friday Option Only Four-Week Campus Kids

Designed especially for campers who are taking advantage of our NEW Campus Kids Monday-Friday program! Fridays have been planned around themes and activities that combine good old-fashioned fun. **Most programs have time for swimming.**

*\*Transportation is provided for all off-campus trips.*

*\*\*NOT an option for campers in Campus Kids Monday-Thursday program.*

### AIR, LAND & SEA (AGES 6-9)

Step aboard to build some exciting ways to get from here to there. Take to the sky in our Lego™ Bricks helicopter model, race across the beach in an ingenious land sail, or zoom through the water on a jet ski. Kids will learn what makes each machine unique and how it moves, exploring concepts such as buoyancy, propulsion, lift and g-forces! What other ways will you invent to travel through air, land and sea? Whether you're a high-speed thrill-seeker or just curious about how things work, this unit offers something for everyone. *Don't forget to bring your swimsuit and towel so you can dive into some more fun with a cool dip in our pool!*

NCFFD-CC034-01 F June 30 8:30am-4pm  
NCFFD-CC034-02 F Aug 11 8:30am-4pm

### BACK IN TIME: DINO-EXPLORING (AGES 6-13)

Come face-to-face with dinosaurs, interact with scientists, play games, laugh and learn. Join us for a trip to *Field Station: Dinosaurs located in Leonia, NJ*---the world's most unique zoo, with 32 life-sized animatronic dinosaurs in a natural environment surrounded by one of North America's most important bird estuaries. We will explore a 200-million-year-old volcano and make discoveries about the history of the Earth, New Jersey's geological past, plate tectonics and climate change. *Transportation will be provided.*

NCFFD-CC035-01 F Aug 4 8:30am-4pm

### BOWLING BALLS AND TEN PINS (AGES 6-13)

Join us for some fun as we target our aim on those ten wooden pins at the end of a long lane. Like our baseball buddies, the favorite word in this "ten pin" sport is STRIKE! Learn the basic rules of the game, the important game lingo, and bowling etiquette. Then, get ready to take aim at those wooden opponents as we play a few games. *Don't forget to bring your swimsuit gear to relax all of those "new" muscles with a cool dip in our pool. Transportation will be provided.*

NCFFD-CC006-01 F Aug 4 8:30am-4pm

### CHI CHALLENGE (AGES 6-9)

Let the legend be told, that in the land of Chima™, only the brave survive. Eight animal tribes battle in pursuit of CHI, the balance of life. You will have the opportunity to choose their tribe, while building and battling for victory. Put your Chima™ skills to the test by racing Speedorz™ and building motorized models with LEGO® Bricks. Does your tribe have what it takes to become the ultimate master of CHI? Your destiny awaits! *Once victory has been achieved, we invite you to enjoy our pool-so have your towel and bathing suit on hand!*

NCFFD-CC036-01 F Aug 4 8:30am-4pm

**IMPORTANT:** Optional Early Bird and After-Camp programs provide supervised activities from 7:15-8:15am and from 4-6pm. See page 52 for details.

## **CRANIUM CONTRAPTIONS** (AGES 10-13)

Build and explore crazy contraptions that really work your brain. Students use LEGO™ Bricks, axels, pulleys, gears and motors to create fun and interactive models. Compete with friends in a rousing game of *Battle Tops* or *Foosball*. Put your hand-eye coordination to the test with the *Ping Pong Popper* model. Experiment with the *Mini Fig Mover* to see how this model will send your mini fig for a ride. All this and more are waiting to be discovered as students learn and play with Cranium Contraptions! *After "cranium" exercising, let's go for a refreshing dip in our pool-so remember to bring a swimsuit and towel!*

**NCFFD-CC037-01 F Aug 11 8:30am-4pm**

## **DIGGERLAND USA** (AGES 6-13)

Can you dig it? We will have buckets of fun at the only construction-themed adventure park in North America where you can ride and operate actual machinery. Experience driving full-sized backhoes, dig giant holes with real excavators and operate every sort of construction equipment you can imagine. Along with operating heavy machinery, Diggerland guests can climb one of the world's tallest ropes courses, take an off-road adventure in our military trucks, tackle the rock wall, or enjoy one of the daily heavy machinery stunt shows performed by our operating team. *Transportation will be provided.*

**NCFFD-CC033-01 F July 7 8:30am-4pm**

## **DINOSAURS ROCK™ Fossil & Mineral Adventure** (AGES 6-13)

Campers participate in a highly interactive presentation by *DINOSAURS ROCK™* experts. They will have the opportunity to discover and keep genuine fossils. As they participate in this hands-on activity, they will be awed as they uncover genuine dinosaur bone, shark teeth, ammonites, petrified wood and more. Best of all, they will be taking some fossils home, the start of their own collection. Every camper will also participate in gemstone mining where they will take home amazing rubies, emeralds, and large crystals. See, up close & personal, giant exhibits of dinosaur specimens and other fossils. *After this amazing adventure, campers will take a refreshing dip in our pre-historic lagoon (pool)-so please bring a swimsuit and towel!*

**NCFFD-CC038-01 F July 21 8:30am-4pm**  
(Ages 6-9 preferred)

**NCFFD-CC038-02 F July 21 8:30am-4pm**  
(Ages 10-13 preferred)

## **DOWN ON THE FARM** (AGES 6-13)

Summer is a feast of color and beauty down on the farm! As an upcoming leader in agritainment, *Oasis Family Farm* in Robbinsville offers wholesome activities and attractions for children of all ages in a safe, fun environment. Discover the *Funzone's 70' Zip-line*, *50ft Tube Slide*, *Wood Pirate Ship*, *Gem Mine*, *Fossil Adventure*, *Live Bee Observatory*, *Ant Farm* and more.

*Transportation will be provided.*

**NCFFD-CC027-01 F Aug 11 8:30am-4pm**

## **GADGETS & GIZMOS** (AGES 6-9)

Students love our interactive LEGO™ Bricks models. This unit is all about the fun of doing something with what you've built. From a spinning top to a spin art model, kids will love playing with their creations! But don't worry, we sneak in lots of learning too – understanding probability in the "3-in-a-row" game model and learning about friction and symmetry with the spinning top lesson. Don't miss out! *Remember to pack your bathing suit and towel because all good gadget-creators need some water fun in the pool!*

**NCFFD-CC039-01 F July 28 8:30am-4pm**

## **MINECRAFT ADVENTURES** (AGES 9-13)

Get into this digital sandbox and start building, one block at a time. Adventuresome campers will log into a well-known multi-player server and play games like *Blockhunt*, *Sheep Quest* and *Castle Siege*. Our campers will team up with other campers to build, battle and brawl! *Campers must have a Minecraft™ account which can be set up at home before the start of camp.*

**NCFFD-CC029-01 F July 7 8:30am-4pm**

## **MINIATURE GOLF** (AGES 6-13)

Not quite ready to challenge Tiger Woods on the golf course? That's ok. We're not quite ready either, but we're heading out to *Snipes Farm and Golf* to strut our swing and we need you to be part of our foursome. Come and enjoy this "par-fect" day. Pick up an iron and dazzle us with your coordination skills. *Don't forget to bring your swimsuit so you can dive into some additional summer fun with a cool dip in our pool. Transportation will be provided.*

**NCFFD-CC010-01 F Aug 18 8:30am-4pm**

### **MINUTE TO WIN IT** (AGES 6-9)

Based on the popular NBC game show "Minute To Win It", this program is packed with fast-paced, fast-action building and good old-fashioned friendly competition. 60-seconds on the clock. Think you can do it? You've got a minute to complete the crazy challenges using exciting Bricks 4 Kidz LEGO™ models & everyday household items! There are many different models and challenges as teams compete for the title of "Minute to Win It." *When our challenges are completed, grab your towel and swimsuit and race to the pool for our next competition!*

NCFFD-CC040-01 F July 7 8:30am-4pm

### **PUMP IT UP** (AGES 6-13)

Enjoy play areas and giant inflatables that help spark a child's imagination at *Pump it Up* in Hamilton. The play areas are filled with massive inflatables and other games and attractions that offer endless opportunities for kids of all ages to explore and imagine. *Transportation and pizza lunch will be provided.*

NCFFD-CC030-01 F June 30 8:30am-4pm

### **ROCK CLIMBING ADVENTURE** (AGES 9-13)

*Note: Release Liability Form available on website required with registration.* If you're up to the challenge we're thinking big, off the ground fun. Join us for a great opportunity to explore a new passion for fun. Kids are natural climbers with plenty of energy, and we're going to give you a chance to scale new heights. We'll start the day with outdoor activities to get you all limbered up. Then, it's off to *Rockville Climbing Center* for your interactive climbing experience. No previous skills are required, but safety rules will be strictly enforced. Unleash that energy and go for the fun and thrill of it all! *Transportation will be provided.*

NCFFD-CC013-01 F July 14 8:30am-4pm

### **SAHARA SAM'S WATER PARK** (AGES 9-13)

Join us for a wild and fun adventure of unlimited indoor and outdoor attractions at *Sahara Sam's Oasis Waterpark*. Explore the nook and crannies of Tim-Buk-Tu, melt your worries away with a tropical journey around the Congo Bongo River. *Campers have the option of packing or purchasing lunch. Transportation will be provided.*

NCFFD-CC014-01 F July 7 8:30am-4pm

### **SEE YOU AT THE MOVIES** (AGES 6-13)

Sit back and enjoy the newest screen attraction with a group of camp friends. Depending upon the age-appropriate summer attractions, we'll spend the morning at **AMC Hamilton 24**. Return for pizza lunch on campus and participate in organized activities. *Participants may want to bring money for the concession stand. Transportation will be provided.*

NCFFD-CC015-01 F July 14 8:30am-4pm

NCFFD-CC015-02 F Aug 18 8:30am-4pm

### **SPECTACULAR SPORTS** (Ages 6-9)

Explore sports ranging from gymnastics to biking, mini-golf to airplane acrobatics! This program is a great way to get "sporty" kids building and get LEGO® fans interested in sports. They will learn the importance of physical fitness and different aspects of fitness, such as stamina and strength, the mechanics of the sport, such as the physics involved in golf and the components of a stationary bike. But the best part is the way the models move and the fun they have playing with them after they're built - hitting a plastic golf ball with the mini-golf model, watching the gymnast spin around the bar and seeing the tiny airplanes spin around and around on the air show model. *Afterwards, participate in "sporty" activities in our pool so don't forget your swimsuit and towel!*

NCFFD-CC042-01 F July 14 8:30am-4pm

### **Looking For Summer Employment?**

Teachers, swim instructors, lifeguards, high school seniors and college students are welcome to learn more about the exciting opportunities at Camp College by contacting us at [campcollege@mccc.edu](mailto:campcollege@mccc.edu)

### SPIRIT OF PHILADELPHIA (AGES 8-13)

It's time to see the city from a different perspective—the water. Campers will head out on the water for a *Spirit of Philadelphia* lunch cruise. Departing from Penn's Landing, this lunch cruise includes a narrated tour along the Delaware River, highlighting the attractions along the way. There'll be delicious freshly prepared lunch, dancing and great sightseeing. **Transportation will be provided.**

NCCFFD-CC041-01 F July 28 8:30am-4pm

### SUMMER POOL PARTY (AGES 6-13)

We're pulling out all the stops to make this the splashiest summer camp ever. Join us at *Mercer County Park* for a day of fun and games, an old-fashioned barbeque, a pie eating contest, and cool water fun. Get wet behind the ears with our water balloon toss and water relays. End the day with a big splash in our pool. It's big enough for everyone, so the more the merrier. School's out and we're ready to jump into some great summer fun, so pump up the music and let's get that party started! **Transportation will be provided.**

NCCFFD-CC018-01 F June 30 8:30am-4pm

NCCFFD-CC018-02 F July 21 8:30am-4pm

### TICKET TO RIDE (AGES 6-13)

Delve into the history and mechanics of favorite amusement park rides in this imaginative program. Students will construct a *Carousel Swing*, *Tilt-a-Whirl* and/or a *Loop-de-Loop* ride. Lessons incorporate principles of physics, described in a way children can understand, such as "G-force" inertia and momentum, as well as math concepts such as "there are 360 degrees in a circle." These engaging lessons will give students an understanding of the physical forces they experience every day. *After the last spin on the amusement ride, get ready for more thrills in the pool! Be sure to bring your swimsuit and towel!*

# Specialty Camps

## Academic Prep, Counselor in Training

### 2017 Summer Workshops

#### THE PROGRAM

The College's Specialty Camp workshops provide a combination of intellectually challenging and stimulating hands-on summer opportunities for motivated students who are interested in a wide variety of fields. Each of these unique programs has been designed to enable young people to meet and share the excitement of studies in academic fields not ordinarily encountered in elementary and middle school curriculums.

For the convenience of working parents, Before and After camp is available. **Although classes meet from 8:30am to 4pm each day, campers may be dropped off as early as 7:15am and picked up as late as 6pm.** Children who remain on campus after 4pm must register for *After-Camp* supervised activities, including optional recreational swimming from 4:00-5:15pm. See page 52 for details. Unless otherwise noted, all off-campus site visits and all materials and supplies are included. Campers may bring their own lunches or purchase meals and beverages at the College cafeteria.

#### ELIGIBILITY CRITERIA

*All off-campus programs include transportation.*

**Supervised lunch and recess at no additional cost if registered for A.M. & P.M. classes within the same week.**

**New Camper  
Registration Begins  
January 23<sup>rd</sup>  
Avoid disappointment  
of filled classes.  
Register early!**

#### DECISIONS! DECISIONS!

With so many program choices available, use the helpful Camp Calendar Week-at-a-Glance on pages 4-7.

Students who are within the age range specified for each program and who meet the general eligibility criteria may apply. Additional prerequisites for each program are indicated in the workshop descriptions on the following pages.

#### HOW TO APPLY

To apply for one or more of these workshops, complete the application form on page 47 of this brochure and mail it together with supporting documents and **full payment. Registration deadline is two weeks prior to the camp start date. Avoid the \$20 late fee...register early. No registrations will be accepted after 12pm the Thursday prior to the start of each four-week camp session or camp course.**

#### REFUND POLICY

Participants are eligible for refunds only if the parent or guardian notifies Registration of a student's withdrawal **at least 10 business days prior to the first day of the workshop. NO REFUNDS THEREAFTER. TELEPHONE WITHDRAWALS WILL NOT BE ACCEPTED.** A \$10 one-time non-refundable Continuing Studies summer registration fee will be applied to all students. A **\$20 processing fee will be imposed for withdrawal or change of any schedule.**

#### LIMITED SPACE

Only a limited number of spaces are available in each workshop. Applicants will be accepted and registered on a first-come, first-served basis according to the date their completed applications are received, including required documentation. **Applications will be accepted until all spaces are filled.**

If a qualified camper cannot be accommodated because all spaces have been filled, his or her name will be entered on a waiting list.

**Look for the  
New Class Symbol**

*Apply early to ensure a space for your child!*

# Academic Prep For Grades 7-10

## ALGEBRA PREP (GRADES 8-9)

Areas of study will include: expressions and equations, solving linear equations and inequalities as well as graphing solution sets, analyzing functions by observing patterns in equations, graphs, and tables, and solving systems of equations. Quadratic functions will be studied as well as their real world applications. Additional topics covered are factoring and polynomials. Graphing calculator is strongly recommended. Tuition & fees: \$575.

NCENR-CC001-01      July 24-Aug 17  
M-Th      8:30-11:30am

## CREATIVE WRITING (GRADES 7-8)

This course is designed to provide a variety of creative options for middle school students: poetry, short story, personal narratives, plays, and magazine articles. Learn the steps that will take you through all the phases of the writing process from pre-writing through publishing. Participants should expect additional related assignments outside of the classroom to finish drafts, revisions, etc. Tuition and fees: \$530.

NCENR-CC002-01      July 24-Aug 17  
M-Th      1-4pm

## ENGLISH PREP (GRADES 7-8)

Participants will read at least three young adult fiction novels. Study will include analyzing text, vocabulary development, and improving writing skills. Class time will include 30 minutes each session for students to work independently or seek individualized assistance from the instructor. Participants should expect vocabulary assignments outside of the classroom. Tuition and fees: \$530.

NCENR-CC003-01      July 24-Aug 17  
M-Th      8:30-11:30am

## FINANCIAL LITERACY PREP (GRADES 8-9)

This introductory course will expose students to the major segments of the financial environment in preparation for their school's state mandated course. Students will take on the role of consumers and engage in a wide array of personal finance such as understanding income, checking and saving accounts, buying wisely, pitfalls related to credit, and investing and establishing a financial plan to accomplish goals. Simulated purchasing of cars, homes, and stocks will have students playing the roles of buyer, agent, and sales person. Tuition & Fees: \$575.

M-Th      1-4pm

**Four Week Sessions**

## GEOMETRY PREP (GRADES 8-10)

Emphasis will be placed on vocabulary, logical thinking, and completeness of formal geometric proofs. Students will investigate, make conjectures, and form conclusions. The focus of this enrichment program will include deductive reasoning, line and angle relationships, triangles, and congruency, parallelism, proving polygons congruent and similar, right triangle properties, circles, and area and volume. We will reinforce skills such as how to construct knowledge through logical reasoning, problem solving, and communication. Tuition and fees: \$575.

NCENR-CC004-01      July 24-Aug 17  
M-Th      1-4pm

## PRE-ALGEBRA (GRADES 7-8)

The purpose of this course is two-fold: first, assist students who find mathematics to be an "obstacle course" by developing necessary skills to succeed, and secondly, challenge those students who wish to deepen their analytical and logical abilities. Topics include: evaluating numerical and algebraic expressions, building and solving a variety of equations, solving and applying proportions, applying properties and operations to integers and rational numbers, and exploring perimeter and area of plane figure as well as surface area and volume of three-dimensional figures. Tuition & fees: \$575.

## SEA CAMP: MARINE BIOLOGY & SHORE ECOLOGY AT THE BROOKDALE OCEAN INSTITUTE (AGES 10-14)

**Full Day**

Discovery is the guiding principle behind this specially designed **one-week program**. Campers will have the unique opportunity of working with experienced environmental instructors in the outdoor “laboratory” of Sandy Hook and its surrounding waters. No prerequisites! Students will utilize scientific methodology to:

- Explore the chemical and physical properties of seawater
  - Study habitats available to coastal marine life
  - Assess the value of marshes and survey population densities
  - Collect and study deeper-water creatures, pollution, and human impacts of the sea
  - Investigate barrier beach botany
  - Examine the physical and geological features of water, waves, and beaches
  - Study topography, map and chart reading
  - Learn the historical significance of Sandy Hook, Fort Hancock, and the Twin Lights
- Campers must bring lunch and snacks, bathing suits, sun block, beach towels, sneakers, rain gear and a hat. Tuition and Fees: \$450 **Includes free optional before & after care.**

**NCART-CC013-02 Aug 7-11 8:30-11:30am**

*\*No class July 4. Tuition & fees: \$140.*

*KidzArt*

### **ADVANCED CHESS** (AGES 9-14)

So you know how to move the pieces and you understand checkmate. Dude, this isn't just another one of those board games. No chess game ever repeats itself, which means you create more and more new ideas each game. Every game you are the general of an army and you alone decide the destiny of your soldiers. You can sacrifice them, trade them, pin them, fork them, lose them, defend them, or order them to break through any barriers and surround the enemy king. Learn new advanced chess tactics, strategies, openings and tips. Tuition and fees: \$160.

**NCENR-CC007-01 Aug 14-18**

**1-4pm**

*The Chess Team*

### **N** CAMP MAKERSPACE (AGES 9-14)

Critical thinking, problem-solving and engineering skills can help all children get ahead in today's world. How can we encourage these 21st century skills? Through hands-on exploration, tinkering and play, campers will come together to create, invent and design using a variety of everyday items and household materials. Each day, campers will be introduced to new "makerspace" projects that encourage creative thinking and hands-on inventing. The only limit to what they can do---is their own imagination. Tuition & fees: \$175.

**NCART-CC048-01 July 17-21**

**1-4pm**

*FYI Creations*

### **CAMP ZOMBIE** (AGES 9-14)

Zombies!! Campers are taught the basics of how to survive a Zombie Apocalypse. Enter the world of the undead and become an expert in their evil and disgusting ways. There will be scavenger hunts, survival games, special effects crafts (think zombie ooze, scabs and blood) and at the end of the week we transform the campers into zombies using SIMPLE makeup and some of the special effects crafts. Tuition and fees: \$170.

**NCART-CC036-01 July 10-14**

**1-4pm**

*FYI Creations*

### **CARTOONING FOR BEGINNERS** (AGES 6-10)

Do you spend your time drawing superheroes, fantasy creatures, animals or monsters? Learn basics like how to draw facial expressions, bodies, lettering and more. We will be using a variety of mediums including graphite pencils, Sharpies™, colored pencils and fine markers while focusing on making your very own original characters! All you need is some imagination and watch your cartoons come to life! Tuition & fees: \$165.

**NCART-CC023-01 June 26-30**

**1-4pm**

### **N** "CHENILLE STEMS" ART (AGES 6-10)

Did you know that "chenille stems" are also called pipe cleaners? A pipe cleaner was originally used to remove moisture from pipes. Today, we use them to create colorful and twistable works of art. If you enjoy twisting, bending and curling, pipe cleaners are perfect to create and build sculptures of buildings, animals, people, ornaments and more. Tuition and fees: \$165.

**NCART-CC039-01 July 24-28 8:30-11:30am**

**Art Classes  
bring a smock or  
wear old clothing**

## **N** DESIGN IT, CREATE IT & FRAME IT! (AGES 6-10)

In this class, we will explore various media including watercolor, markers, pencils and more to create original artworks complete with uniquely decorated frames! Beach scenes, rainforest environments, abstract faces and celestial themes will be covered. So if you like to learn how to draw and paint while working with loads of craft materials, this is the class for you! Tuition and fees \$165.

## **N** ESCAPE THE CAMP (AGES 9-14)

Everywhere you look, it seems like *Escape Rooms* are all the rage! A team of people sign up to be locked in a room, and must find clues and solve puzzles to complete a given mission and find the key to escape. The question is: How could we harness this excitement and momentum and bring it to camp? Welcome to *Escape the Camp!* Campers will work together to solve a number of puzzles in order to "escape the camp." (Don't worry, parent! Our campers aren't really breaking out of camp. An "escape" just means that the campers had the skills to conquer the challenge!) By the end of the week, participants will create their own games to ignite critical thinking skills, teamwork, and complex problem-solving. Escaping camp has never been so fun! Tuition & fees: \$175.

## **N TOY DESIGNERS: MAKE YOUR FIRST TOY (AGES 7-14)**

Calling all boys and girls who want to be toy designers of the future! In this class, if you can dream it you can make it - create your first action figure, superhero, or make a new toy or figurine. By conceptualizing and designing their own 3D models, students will learn how to sculpt, texture, and render their first toy! *No prior experience is necessary and 3D designs will be available on a password-protected Black Rocket website to share with friends and family. (3D prints may be purchased separately through an online provider.)* Students will work in pairs or teams for most of the program. Tuition & fees: \$195.

## **N VIDEO GAME ANIMATION (AGES 10-14)**

Take your game design skills to the next level by creating and animating your own character sprites, objects, and backgrounds. Start with a name, develop the character's personality, signature moves, special powers, and a story line. Finish with a fully animated character to be used in your very own game. *Students do not need any prior experience in game design, animation, or sketching. Student-created games will be available on a password protected website to share with friends and family. Games are only compatible on PC computers; Mac versions can be created after the program for \$15.00 conversion fee. Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years.* Tuition and fees: \$156.

## **N VIRTUAL REALITY: THE FUTURE IS NOW! (AGES 7-14)**

Embark on an EPIC adventure in virtual reality! In this cutting edge class, you will learn the foundations of VR design by creating your own virtual worlds, exploring simulated environments, and crafting memorable 3D experiences. At the end of the week, take home your first cardboard VR headset to show friends and family the new worlds you created. VR projects can be viewed on a website or a mobile device. **Students do not need a mobile device to take the class, but to use the VR headset at home a camper will need access to an Android or Apple mobile device.** *Students will work in pairs or teams for most of the program.*

Tuition & fees: \$214 (\$195 + \$19 for VR headset).

## Culinary Arts

FOR BOYS AND GIRLS AGES 7-13

### KIDS IN THE KITCHEN AGES (7-10) and (10-13)

**Must be 7 at time of registration.** Don't miss out on this "tasty" opportunity to learn how to bake sweet treats, breads and more. Gain hands-on experience baking and cooking in our professional culinary arts laboratory from our own Chef Fee. This ultimate make and take "science" laboratory introduces food safety and fun with creative recipe experiments and very tasty outcomes! A different topic each week (1) *A La Mode*-ice cream making and pastry creations, (2) *Chocolate, Chocolate, Chocolate*-everything for the chocolate lover, (3) *Restaurant Week*-each group makes a meal (appetizer, entree and dessert) on Monday, Tuesday, and Wednesday. On Thursday one group sets the table and prepares the dining room and is served their meal and Friday the roles are reversed. Dining room includes setting the table up correctly, proper etiquette for serving, eating the meal and preparing the specialty beverage, (4) *That's Italian*-Italian themed recipes, (5) *Holiday*-Solstice stuffed French Toast and Solstice Sundae featuring all homemade ice cream, Columbus Day flat earth flat bread pizza, July 4<sup>th</sup> fried funnel cake and All American Hot Dog cookies, Halloween Horror Cake, Mardi Gras Madness Muffins and more. Come to our kitchen...it's air-conditioned, kid-tested and approved for fun! **Menu subject to change without notice.** Tuition and fees: \$175.

FOR BOYS AND GIRLS AGES 6-14

## AMUSEMENT PARK PHYSICS (AGES 9-13)

Ever wonder how they design and build those crazy rollercoasters and other amusement park rides? Join us and learn about friction, gravity, momentum, velocity, and other effects of force and motion as they relate to theme park rides. We'll design, construct, and test loop-the-loops, marble catchers, ball machines, Ferris wheels, swinging amusement rides, and more. This is the way to experiment and build as you learn physics concepts in a fun and activity-based atmosphere! Tuition and fees: \$140.

**NCSCI-CC008-01 July 3-7\* 1-4pm**

\*No class July 4.

*Super Science Programs for Kids*

## ARCHITECTURE AND ENGINEERING CHALLENGES (AGES 9-13)

Architecture and engineering are the focus of this program. You will work to design and build towers, balsa bridges and a wide array of Lego™ and K'nex™ architecture projects. Have fun building famous architectural designs from around the world including Adam Tucker Reed's famous brick structures the Empire State Building, Imperial Hotel, Whitehouse, Imperial Hall, Flat Iron Building, Seattle Space Needle, and more. You will also build bridges, towers, and other structures using a variety of materials and learn about structural engineering principles and forces that act on structures. Develop science, technology, engineering and mathematics skills in a fun, hands-on environment! Tuition & fees: \$175.

**NCSCI-CC001-01 July 10-14 1-4pm**

*Super Science Programs for Kids*

## BATTLE-BOT BUILD -A-THON (AGES 9-13)

Have fun building and creating using your imagination. Campers will construct a complex Battle-Bot robot from our huge Robotix modular collection. Enjoy working together to build a robot that can clobber its opponent in our sumo-style robot ring. Make your robot as huge and destructive as you'd like as the goal of this competition is to flip your opponent over, pull its pieces off or ram it right out of the arena. Then get ready to modify your design to compete in our robot tug-o-war, Olympic competition, soccer match and more. Campers will learn engineering principles in a fun, hands-on atmosphere. *All campers will take home a Hexbug Warrior.* Tuition and fees: \$175.

**NCSCI-CC009-01 June 26-30 8:30-11:30am**

*Super Science Programs for Kids*

## BLOOD, BONES & GUTS-DISCOVERING THE HUMAN BODY (AGES 9-13)

Have fun discovering the anatomy of the world's most complicated system! In this program, students will find out what it's like to journey through the human body, explore the science behind blood, bones, how a model of the human body works and more. Participants will test for blood types, make a map of their tongue, and perform simulated heart and brain surgery and more. Tuition & fees: \$175.

**NCSCI-CC002-01 July 24-28 1-4pm**

*Super Science for Kids*

## BRICK CRITTERS: THE SECRET LIFE OF PETS (AGES 6-9)

Ever wonder what your pets do while you are at school? Join Max, an adorable dog, and Snowball, the rabbit, on this fun and furry adventure. Then, dive to the depths of the ocean with Dory to help her search for her family. Build other favorite aquatic movie sea life as well. Campers will also build various critters, including motorized buzzing bees, fluttering butterflies and more. Show off your take-home handbook displaying all the brick critters you built at this exciting camp! *Each camper will receive a Bricks 4 Kids t-shirt and mini-figure.* Tuition & fees: \$175.

**NCSCI-CC036-01 June 26-30 1-4pm**

*Bricks 4 Kidz*

## BRICK OLYMPICS (AGES 6-9)

Calling all sports fans... on your mark, get set, build! Celebrate the Olympics with cool LEGO™ models of sports from cycling to soccer, basketball to gymnastics. Take a break from the heat and compete indoors to set your own Brick Olympic records with our exciting sports-themed challenges! We'll post the winners on our own "Medal Tally" board and award winners with Bricks 4 Kidz medals. *Each camper will receive a Bricks 4 Kids t-shirt and mini-figure.* Tuition & fees: \$175.

## **BRIXOLOGY CAMP (AGES 9-13)**

Children will learn about different types of engineering and then team up to construct a different engineering-themed project using exclusive LEGO™ bricks! Learn about aerospace engineering while assembling a space station; explore mechanical engineering as they build boats and vehicles. That's not all – from carnival rides to drawing machines, mechanical animals to truss bridges, your future engineer will build upon their creativity to solve real-world design challenges, while developing their problem-solving and team-building skills.

Tuition & fees: \$175.

**NCSCI-CC034-01 August 14-18 1-4pm**  
*Mad Science*

## **CHEMICAL WIZARDRY (AGES 6-10)**

Get ready for a fun-filled “magical” laboratory experience *Harry Potter™* style. Enjoy making *Flubber*, *Silly Putty*, *Super Hi-Bounce balls*, and more. Have fun making a carbon dioxide light inside of a glow bottle, a mushroom monster, play dough, *Glowing Goo* and even a tie-dye style shirt. We will create atomic worm polymers and lava lamp-like blobs. We will also demonstrate the *Big Bang Cannon*, *diet Coke and Mentos Geyser*, *Magic Genie in the bottle* and more. *All campers will take home a mini-chemistry kit and recipe booklet. Please bring a 100% white cotton T-shirt to the second class.*

Tuition and fees \$175.

## **COMPUTER PROGRAMMING WITH OZOBOT™ (AGES 6-13)**

Have fun expanding your horizons with the help of Ozobot™ - the tiny smart robot. There is no end to the possibilities, as you create a different landscape of adventures, games and coding with Ozobot™. Imagine a learning toy that opens the doors of computer science, STEM education, robotics and coding with simple color-coded commands and “Ozoblocky,” a coding language powered by Google’s Blockly program. Ozobot™ Bit’s ability to learn your programs, and then play them back is a big game changer to how young minds play and learn. *Campers will use markers, tablets and laptops for coding.*

Tuition & fees: \$175.

## **CSI (Crime Scene Investigation) SCIENCE (AGES 10-14)**

Become a Super Science Sleuth! Learn about forensics, crime scene investigations and crime lab chemistry as you perform experiments designed to show you just how those tricky cases are solved. Search for evidence, gather clues, and discover how science can help solve a mystery! Dust for and classify fingerprints, analyze handwriting, test for blood type and DNA using simulated blood, and use “Glow Blood” to see where humans can’t see. Examine hair and clothing fibers, practice chemistry to identify mystery substances, and much more. Tuition and fees: \$175.

### DIGGIN' FOR DINOSAURS, ROCKIN' ROCKS & CRYSTAL CREATIONS (AGES 6-9)

Young scientists will discover the exciting science of archaeology and paleontology as they excavate and assemble complete skeletal replicas from simulated "fossilized" rock. Dig for T-Rex, Triceratops, Stegosaurus, Velociraptors, Brachiosaurus, and more! Make fossilized plaster replicas of dinosaur teeth, claws, trilobites and ancient sea creatures. Sort, classify and take home a variety of fossilized shark teeth. Unearth some fascinating facts about rocks, minerals and crystals. Break open geodes and discover crystals inside. Take home a unique mini collection of rocks, minerals, and crystals that you will learn about in the program, a rock and mineral book, unearthed treasures, fossilized shark teeth and more. Tuition and fees: \$175.

### DRONE EXPLORATION: FLY, CREATE, INNOVATE (AGES 9-14)

FULL DAY

This program will open the creative minds of campers as they learn all about some of the most fascinating drone solutions to date. Teams will first learn about some of the incredible problems drone technology has solved; and then have the opportunity to interact with inventors currently in the drone industry via video conference. Upon building a base of knowledge, experience and confidence, participants will then fly and code drones as they work together in teams to create their own business, environmental, or safety drone solution. Instructors will challenge teams to focus on the social and ethical responsibilities that accompany the powerful and evolving drone technological advances. *Each participant receives their own Drobots Flight Book.* No drone flying experience necessary. Tuition & fees: \$400.

### "GALAXY FAR AWAY" SPACE CAMP (AGES 6-9)

Join us on an adventurous journey through space! Build the Redstone Rocket to blast through the atmosphere into a realm that is truly out of this world. Travel back in time to build NASA's Gemini Capsule. Trust your astronaut's building skills to pilot a spacecraft that will bring you back to Earth safely. We'll build motorized models that represent spacecraft from your favorite popular space movie. Come experience this stellar journey to a galaxy far away! *Each camper will receive a Bricks 4 Kids t-shirt and mini-figure.* Tuition & fees: \$175.

### INTRO. TO LEGO™ & VEX IQ™ ROBOTICS (AGES 9-13)

Have fun building, designing and programming robots with Lego Mindstorms™ and VEX IQ™ robotic systems. Build robot projects and creations that use working sensors and motors. LEGO MINDSTORMS (EV3 & NXT) combine the unlimited versatility of the LEGO building system with an intelligent microcomputer brick and intuitive drag-and-drop programming software. VEX IQ offers unique building challenges, a Wii-style remote control, and unlimited possibilities. No prior robotic or programming experience is necessary for this introductory course. Tuition & fees: \$175.

### LEGO™ WeDo ROBOTICS 1.2 and 2.0 (AGES 6-9)

Students will build Lego™ models featuring working motors and sensors, program their models on laptop computers, and participate in new unique WeDo challenges. Students will develop their skills in Science, Technology, Engineering, and Mathematics. Students will use simple drag and drop software and a laptop computer to actually learn how to program robots made from Legos™. This program will offer both Lego 1.2 and all new Lego 2.0 projects. LEGO™ Education WeDo 2.0 makes elementary science come to life through hands-on tasks, real-world projects, and relevant technology that engages students.

Tuition & fees: \$175.

### MAD MACHINES AND JR. ENGINEERS (AGES 6-9)

Mini Mad Science engineers will design and build skyscrapers using simple tools and intricate imaginations. Campers will exercise their ability to work together in order to construct a geodesic dome big enough for all of the campers to fit inside! Children will be given the opportunity to work with pulleys, wedges, screws, and levers, which they will be using to assemble their own catapults, teaching them to understand the science behind simple machines. Children will maneuver sound-activated robots around an obstacle course, play robot soccer, and even test line-tracking robots during this weeklong camp full of (robot and children) hands-on excitement! Tuition & fees: \$175.

**NCSCI-CC016-01 Aug 7-11 8:30-11:30am**  
*Mad Science*

### POCKET BRICK MONSTERS: POKEMON™ (AGES 10-13)

Get ready for an adventure in the world of Pokémon™! Capture wild Pokémon® creatures and train them for battle. Improve your accuracy and power as you learn new moves and use special abilities. Tap into your inner engineer as we build *Dratini*, *Pikachu*, *Poké Balls*, and more. Show off your skills as you battle for power in your journey through the Pokémon® universe. Do you have what it takes to become a Pokémon™ Master? *Each camper will receive a mini-figure and Bricks 4 Kidz t-shirt.*

Tuition & fees: \$175.  
**NCSCI-CC029-01 June 19-23 1-4pm**  
*Bricks 4 Kidz*

### RADICAL REACTIONS & DETECTIVE SCIENCE (AGES 6-9)

Have tons of fun mixing up potions and experimenting with all kinds of chemical reactions! Our young chemists will grow crystals, create sidewalk chalk, and even make chromatography T-Shirts to take home. Students will also become science sleuths as they investigate how chemistry provides evidence at the scene of a crime. During this hands-on detective work, children will gather & test “crime scene” clues, make & analyze their own fingerprints, make Rainbow Stompers & much more! Tuition and fees: \$175.

**NCSCI-CC025-01 Aug 7-11 1-4pm**  
*Mad Science*

### ROBOTIC FUN (AGES 6-9)

Have fun constructing a wide range of robot projects throughout the week. Projects will include constructing a Battle-Bot from our huge Robotix™ modular collection, participating in our robot tug-o’ war, Olympic competition, soccer match, and more. Campers will learn engineering principles in a fun, hands-on atmosphere. (This camp focuses on building modular robots from your imagination. Coding is not a focus in this class). All students will take home a Hexbug™ robot as part of this camp. Tuition & fees: \$140.

### SPACE, INFINITY & BEYOND (AGES 6-9)

If your child is “astro-nuts,” he or she will absolutely love this camp! Children involved in this program will develop an interest for outer space or can expand a previous passion for our sensational solar system. Using the Scientific Method, campers will investigate the mechanics of unique flying machines, such as *balloon-copters*, *boomerangs*, and *mini hovercrafts*. Children will be transported to the past as they delve into how early “pilots” navigated throughout space as they create their own sextant and sundial. Building upon previous experiments and knowledge learned throughout the week, campers will use what they’ve learned to construct an Estes™ Sky-winder rocket and have the option of participating in a live launch demonstration.

Tuition & fees: \$175.  
**NCSCI-CC019-01 Aug 14-18 1-4pm**  
*Mad Science*

### STEM INVENTIONS WITH LITTLE BITS™ (AGES 7-13)

In this invention workshop, students enhance their skills with a great new system of discovery called LittleBits. LittleBits is a platform of easy-to-use electronic building blocks that empower you to invent anything, from your own remote controlled car, to a smart home device. The Bits snap together with magnets, no soldering, no wiring, and no programming is needed. In our program, students will begin with several inventions designed to let them figure out how the components go together, and then they will design and create their own inventions.

Tuition & fees: \$175.

## **SUPER SCIENCE MAKE & TAKE (AGES 6-9)**

Discover the excitement of science and make a variety of toys designed to illustrate science concepts that make learning fun. Most of the projects can be taken home as they are made throughout the week. Make your own working telescope as you learn about optics and light. Construct an electro-magnet and a working electric motor. Build an adjustable, ball-launching catapult that changes the trajectory of a flinging projectile. Create a working model of Hero of Alexandria's fountain or a vortex tornado in a bottle. Make ultra-violet bead bracelets, a working compass, submarine divers, and more. Projects will vary by age level and instructions will be taught in more depth for older students. Tuition and fees: \$140.

## **☑ SUPER SCIENCE STEM CHALLENGES (AGES 7-13)**

In this engineering camp, you will have fun integrating Science, Technology, Engineering, and Mathematics by building and designing a wide range of gadgets, inventive machines, towers, crazy contraptions, and more. Projects include: *The Great Tower Challenge, The Standing Cup Pyramid Challenge, Egg Drop Challenge, Wooden Coaster Challenge, Structural Engineering Challenge, Magnificent Marble Machine*, and a host of other fun contests designed to bring out the engineer in you! Tuition & fees: \$175.

## **SUPER SLIMY SMOKEY SCIENCE (AGES 6-9)**

Junior Scientists will dive into a variety of scientific fields as they mix and stretch silly putty and slime, copperplate nickels, and investigate the mysteries of optical illusions. Laser experiments and dry ice demonstrations will capture their attention as they observe how fun and exciting science can be. Campers will be amazed as they observe a chemical energy display, the world's simplest motor, and a hair-raising interactive demonstration worthy of praise by Van de Graaff himself! Through hands-on experiments ranging from circuits to catapults, children will be able to experience the fascination of what happens when you mix science and fun! Tuition & fees: \$175.

*Mad Science*

## **☑ SURVIVAL: CALL OF THE WILD!!!! (AGES 9-13)**

Junior Scientists will get in touch with nature as they learn about how changes in the wind, water, and temperature can affect the Earth's inhabitants. As children learn about how animals and insects adapt to life on our planet, they'll flow through the food chain and discover how predators and prey interact with each other. Campers will build a real birdhouse to take home and will have creepy-crawly fun building a bughouse and searching for new tenants! Creating animal tracks out of Plaster of Paris and learning about scent trails will encourage children to take a walk on the wild side! Tuition & fees: \$175.

**NCSCI-CC035-01 Aug 14-18 8:30-11:30am**  
*Mad Science*

## **☑ TICKET TO RIDE (AGES 6-9)**

Get your ticket to ride at Bricks-4-Kids very own amusement park! Campers will build a new ride each day, learning how to make things spin, roll, turn and rock. Then they will take what they have learned to design their own thrills and challenges. Motorized models maximize the action and the fun. Each day includes carnival-themed games, group challenges model-building and more. *Each camper will receive a mini-figure and Bricks 4 Kidz t-shirt.* Tuition & fees: \$175.

## **☑ ULTIMATE DRONE GAMES: SPEED, SKILL & ACROBATICS (AGES 9-14)**

**FULL DAY**

We check all of the boxes of STEM drone education during this action-packed program. Teams transition from the simulator to the remote control and enjoy a multitude of thrilling challenges on and off the ground! Get ready for a week of friendly competition as you and your team take to the sky and attempt to win the badge of the Ultimate Drone Games champion. Campers will experience the thrill of today's latest drone technology including drones equipped with mini nerf cannons and mini grabbers. It's all about the grand finale as teams conquer challenges and earn points for the end-of-week event: Ultimate Drobot Games. Drone safety and the social responsibilities of flying drones are included in this program. Each participant receives their own Drobots Flight Book™. No drone flying experience necessary. Participants are organized into age-appropriate groups. Tuition & fees: \$400.

## Recreational Camps

### ADVENTURE CAMP (AGES 11-14)

**FULL DAY**

Join us for a week of wonderfully different activities. Select one week or more, the destinations vary so the fun never ends. Each week combines recreational activities, special events, and learning rolled up in one. Depending upon the destination, explore the tri-State area by bus, van, or train. Visit great landmarks, state parks, beaches, marinas, recreation and amusement parks. **Register for 3 or more weeks and get a free Six Flags 3-park season pass.** Limited enrollment combines fun and safety. (Includes transportation)

Tuition and fees: \$425.

## 2017 Campus Kids Course Selections (Age 6)

CAMPER'S NAME \_\_\_\_\_

### “Friendly Froglets” Program

Our 6-year old program is designed to specifically meet the needs of our youngest campers. Their day will be similar to that of the school year day allowing the teachers more freedom in their lessons. Under constant, careful supervision of experienced and certified instructors and our trained camp counselors, our Friendly Froglets will be encouraged to participate in a wide range of multi-cultural activities, arts and crafts, outdoor sports, reading, science, math and many other organized activities. The limited number of campers in each group allows the teachers to give much needed individualized attention to each child.

This program allows our little ones the opportunity to play constructively, learn the importance of socialization, sharing and cooperation and becoming more independent. Campers will follow a daily schedule which will enable them to be active and to enjoy the same great fun as the older campers, but at a more relaxed pace.

**Beginner Swim** is an option for our 6-yr-olds. **IT IS NOT INCLUDED IN THE FRIENDLY FROGLETS PROGRAM – YOU MUST PLACE A CHECK IN THE BOX IF YOUR CHILD IS INTERESTED.** Instructional swim lessons will run for 45 minutes from 12:15 to 1pm. Please select the box if you would like your child to participate. Please remember to have your child bring a towel and swimsuit.

## CAMP COLLEGE 2017 CAMPER CODE OF CONDUCT AGREEMENT

Please Review Our Camp Mission and Code of Behavior on Page 57

\_\_\_\_\_  
Camper Name (please print)

I will always have the opportunity to meet with the camp director or other Camp College administrators to tell my side of any incident that is being reported to the camp office. I will report any problems that I am having at camp or with any staff member to the camp director.

1. I will remain with my camp program or trip at all times and will not leave without a camp administrator's permission.
2. I will not bring expensive **jewelry, electronic games, cellphones, trading cards, dolls or comics** to camp. If camper brings valuables, MCCC is not responsible for lost or stolen items.
3. I will respect camp property, off-site facilities, and all bus transportation. I will not chew gum at camp. If I willfully destroy property or equipment, monetary reimbursement will be required.
4. I will obey fire drill safety and never pull or play with a fire alarm.
5. I will respect the safety of everyone in a moving vehicle and will obey all bus rules.
6. I will respect personal property of campers and staff and not take anything that doesn't belong to me.
7. I will respect the camp staff and follow instructions. I will not run away from my group or camp counselors. I will move about the corridors in a quiet and orderly fashion and not linger or wander between classes.
8. I will be a good camp friend and not fight or instigate a fight. I will not hurt anyone with unkind words or actions. Any object that may hurt or place another person in fear of his/her safety may be considered a weapon and is cause for serious disciplinary action that could include immediate expulsion from camp. The camp director will investigate and resolve any safety issue immediately.
9. I will show respect for everyone and only use appropriate language and gestures at camp.
10. I will obey Internet safety rules as instructed by my teacher. Failure to obey Internet safety may include immediate expulsion from camp.

## Camp College

### OUR MISSION

Camp College provides the finest camp experience for children, an experience that will be remembered for a lifetime. Committed to quality and excellence in every aspect of the summer experience, Camp College carefully designs programs and activities, maintains a dedicated and experienced staff, and provides a caring and safe environment with state-of-the-art facilities. With an emphasis on hands-on activities and fun, children have the opportunity to achieve, gain self-esteem and confidence, explore new interests and develop lifelong memories and friendships.

### OUR CODE OF BEHAVIOR

Our camper code of behavior is designed to create an environment that allows campers to learn, teachers to teach, and our camp administrators and counselors to facilitate the instruction. We believe that good discipline at camp is essential to the safety and well being of everyone. We also believe that the basic goals of our programs include the promotion of courteous conduct, consideration toward other people, and respect for the rights of everyone.

With the full cooperation of parents or guardians, we look forward to an exciting, safe summer in which our campers respect rules and regulations. Mercer County Community College is in session and administrative offices are open for business, so it's especially important that campers show respect for others and demonstrate appropriate behavior and language. Our staff always uses positive techniques to guide behavior, but disruptive activities cannot be tolerated and will be subject to the following disciplinary actions:

- 1<sup>st</sup> incident - ***verbal warning and parental notification.***
- 2<sup>nd</sup> incident - ***a two-day suspension from camp. The director may require a parent conference before continued attendance is permitted.***
- 3<sup>rd</sup> incident or at the discretion of the director - ***expulsion from Camp College, Before and After-Camp care, any programs, trips or activities associated with Camp College.***

No refunds are issued for suspension or expulsion. **On the first day of camp, participants and staff will review expected behavior at camp. Parents are expected to discuss this information with their child and return a signed agreement with their completed application.** No camper will be admitted without a signed agreement.

## Camp College Comments

My two girls are enrolled in the 2nd session of Camp College. They are 9 and 11, so I have had a chance to sample plenty of camps in the past years; however, I did not expect to be so thrilled by your operation. My 11 year old actually did voluntary homework over the weekend to prepare her piece for her debate class. She was so excited this morning "Wish me luck Mom" is what she said when she left my car. This is just a fabulous confidence builder for her entry into Middle School in September. My 9 year old is also having a ball with the swimming, campfire and meeting new friends. Your staff is also amazing. Seriously, they open the door to help the campers out of the car in the morning and tell you to have a good day. I feel like I have to pinch myself. Worth every penny! My only regret is that I didn't hook them up at MCCC a couple years ago. Thanks.

*Christine Donahue*

I wanted to express my appreciation to the entire staff at Camp College for my son's third year at camp. The first year Nick attended, the place seemed so huge to me and although he was thrilled, I was a little apprehensive. Now, he's like a regular college student, knows where everything is and who everybody is. Your staff is wonderful. Natola was so nice when I came into the camp office one morning to let them know that my father-in-law had passed away the previous night and could the staff keep an eye on Nick. The CIT's at the drop off circle are so nice, some days their "good morning" and "have a nice day" might be the nicest I hear while I deal 8 hours with the public on the phone. It is so comforting to have a CIT open my car door and greet my son by name. Anthony V. knows every parent and is always there with a nice greeting every day. I just wanted to give a thank you to the camp college staff for making our family happy campers. ☺

*Laura Canavera*

My two sons ages 8 and 6 were first timers at Camp College and absolutely loved it! We had the opportunity to build their schedule based on their interest and wants, made new friends whom they are looking forward to seeing next summer. We absolutely loved the valet parking every morning, the diversity of the children and counselors. Staff was very attentive and made a huge impression on the kids. My children had an amazing experience and they are looking forward to the next summer adventure at Camp College!

*Martha Redondo*

This was our first summer at Camp College and we couldn't have been happier! My children are still talking about it. From the registration process to the final day, the staff, directors and counselors were friendly, helpful and professional. It is well organized and the kids had so much fun as they were able to choose amongst so many classes that they were interested in. They had so many great experiences and created bonds with the staff, counselors and campers. We can't wait for next summer! If you are thinking about Camp College, don't give it a second thought!

*Cyndi Rossi*

*(Nico and Cali Holliday's Mom)*

Camp College was a huge hit with my six year old daughter!! This was her first experience at a Summer Camp that I, her Mother, did not work at, so you can understand my apprehension! Camp College lived up to my expectations and hers! She loved the classes, counselors, and all the planned activities. She made so many new friends, expressing how she can't wait for next summer to "hang out" with them again. Her enthusiasm and love for Camp College gives me peace of mind, knowing that while I can't be there, my daughter is well taken care of and enjoying her "home away from home"!

*Stacie-Anne Hannawacker*

Matthew had a great experience with Camp College. This was his first camp experience and we were amazed with how easy it was for him to adjust to camp life. He loved his classes and counselors. Matthew wanted to stay at Camp College year round! He can't wait to come back this year!

*Kristy Catalfomo*

We are blown away by the programs offered at Camp College! The offerings camp college provides are the best! My two kids' first experience with any camp has been the crème de la crème of what childhood summer memories are made of! My 6 year old daughter started day one of her specialty camp, shy and hesitant; by day two – she darted out of the car and would barely wave goodbye, totally confident, and happy. My 7 year old son was engaged, and excited about what new things would be happening every day! The counselors are amazing, and the staff is always there to help a new camp parent, not only get comfortable, but feel confident about their choice. Fabulous experience all around, we will be back for many, many years to come.
